### Experience

Bartosz Pośluszny specialises in providing regulatory advice to the financial sector, with a focus on closed-end investment funds. He has over six years of experience in providing legal services to entities engaged in investment activities, in particular closed-end investment funds. Prior to joining the Law Firm's team, he has gained experience in a private investment funds company, where he held the position of Director of the Securitisation Funds Service Office and subsequently Managing Director.

Acting as a Director of the investment fund company, he was responsible for providing legal services to investment funds and managing the company's major investment projects in relation to funds of receivables, including the establishment of investment funds, negotiating the operating principles of the funds and drafting and negotiating agreements relating to the investment activities of the funds. He was also responsible for the implementation of new internal regulations and the organisational and substantive supervision of the team of lawyers dealing with closed-end investment funds.

In his professional practice, including the acquisition of assets such as debt portfolios, shares in limited liability companies, securities issues and the creation of investment structures for Polish and foreign clients. He has conducted courses on investment funds for TFI employees.

In 2017, he graduated with a very good grade from the Master's degree at the Faculty of Law and Administration of the Jagiellonian University, defending his thesis 'Copyright protection of a computer program's graphical user interface', which was awarded in the 15th edition of the Competition for the best thesis on intellectual property of the Polish Patent Office. He also completed his Master's degree at the Faculty of Law and Administration of the Jagiellonian University in the field of: Intellectual Property and New Technologies, receiving a very good mark.

In 2021, he completed his attorney-at-law training and passed a professional exam.
